

METU-EDMER

Middle East Technical University
e-Government Research and Development
Centre

Dr. Ali Arifoglu, Director

Agenda

- Why ? Mission and Goals
- Stakeholders
- Roles
- Business Model
- Activities

Legislation

- a) May 2006 Official Gazette
- b) Related Laws: 2547 and 2880
- c) Clause 7/d-2

Mission

To increase the Public interest and productivity in the applications and processes of **e-Transformation Turkey Project** by creating a new synergy among university, public sector and private sector..

A new PPP Model
supported by University

Goals:

- To support e-Transformation Turkey Project
- To increase public-private-university cooperation
- To increase the productivity in the implementation of the concepts of e-Transformation, e-Government and their processes as well.
- To increase the public interest in e-Gov Projects
- To create and increase awareness of e-Transformation in e-Gov stakeholders and managers,
- To research for e-Gov
- To implement Proof of Concept projects for e-Gov

What is not

- **Not** a Centre for preparing technical specifications.
- **Not** a Centre for Test and Benchmarking
- **Not** focused on research **only**, Application is also one of main focus
- **Open** to all ICT Industry
